

EXIGO TECH PROTECT

What is Exigo Tech Protect?

A unified security portfolio that protects your business from endpoint to cloud, backed by expert guidance and proven technologies.

Our Security Portfolio:

Security Compliance

Essential 8 controls, backups, and compliance with NIST and ISO 27001 standards.

Identity Access Management

Access control with Azure MFA, Conditional Access, PIM, and LAPS.

Endpoint Security

Threat protection using Sophos and Microsoft Defender XDR.

Web and Application Security

Data loss prevention and assessments with GuardWare tools.

Penetration Testing

Internal and external testing through Sophos.

Infrastructure Security

Security assessments, MDM, firewall protection, and password tools.

Microsoft Security Solutions

Security tools across Microsoft 365 and Azure, including Defender and Zero Trust.

Network Security

Managed SOC and MDR with Sophos and eSentire.

Security Consulting

vCISO and advisory services via AMR.

Cloud Security

Zero Trust, backups, and assessments for cloud environments.

Why Choose Exigo Tech?

We don't just hand you a report, we partner with you on your security journey. Here's what makes us different:

Personalised Guidance:

Our team explains findings in simple language and aligns recommendations to your business goals.

Customised for You:

Our Security solutions are designed around your industry, size, and unique IT environment.

Seamless Integration:

Our solutions fit easily into your existing IT environment with minimal disruption.

Proven Microsoft Expertise:

As a certified Microsoft partner, we implement security solutions quickly and effectively.

Proven Track Record and Case Studies:

We showcase you exactly how we have helped others improve security with real success stories and measurable outcomes.

Business-first Approach:

We help stakeholders understand not just the risks, but the business impact of fixing them.

About Exigo Tech

Exigo Tech, is a global technology service provider headquartered in Australia. Our mission is to empower teams to work confidently and securely while enabling innovation that drives real impact.

We are recognised for our excellence in cybersecurity, including the ARN 2024 Tech Partner Security Award and finalist positions in the Australian Cyber Awards 2025. As a Microsoft Solutions Partner for Security, we are committed to delivering best-in-class protection across identity, data, devices, and infrastructure.

Security is not just a service. It is a responsibility we take seriously. Every solution we design is built with resilience, transparency, and long-term value in mind. Exigo Tech ensures your security journey is clear, supported, and built for lasting impact.

BE ENABLED

We **enable** secure, scalable platforms that protect your environment and simplify operations, ensuring your organisation is equipped to meet today's evolving security demands.

BE EMPOWERED

We **empower** teams with insights and tools that reduce risk, enhance responsiveness, and support confident, security-first decision-making across your organisation.

BE TRANSFORMED

We **transform** your security posture, strategic guidance, advanced technologies, and a future-ready mindset that builds resilience and adaptability in an ever-changing threat landscape.
